Kagome Golden Peach Garden Juice
For some people, the idea of drinking vegetables and fruits isn't appealing. For them, we recommend trying a fruit and juice blend like this golden peach garden juice from Kagome. Sweet tasting without any artificial sweeteners, this drink — a blend of carrot, red bell pepper, beet, spinach, apple, orange and peach — is loaded with antioxidants. It's made with 100 percent juice, and your shoppers will ingest almost two servings of vegetables and fruits. A great alternative for those who have trouble consuming their daily fruits and vegetables at mealtime. Retails for $1.99/11.5-fl. oz. bottle and $3.59/30-oz. bottle.
